## **RATIONALE:**

As from 22nd October 2020, schools have a legal duty to provide immediate remote learning for state-funded, school-age children unable to attend school due to Coronavirus (Department for Education, temporary continuity direction under the Coronavirus Act 2020).

If a class, group or small number of pupils need to self-isolate, or there is a local lockdown, the school has considered its expectations in relation to the pupils' age, stage of development and special educational needs. The school has also taken into consideration, the significant demands this may place upon parents and families.

All schools have a legal duty to provide immediate remote education if:

- Individual pupils or groups of pupils need to self-isolate, but the rest of the school is still open; or
- There are local or national restrictions that mean most pupils need to stay at home

## **STATEMENT OF INTENT:**

At Nawton CP School we understand the need to continually deliver high quality education, including during periods of remote working – whether for an individual pupil or many. We recognise the importance of maintaining high expectations in all areas of school life and ensuring that all pupils have access to the learning resources and support they need to succeed.

This information is intended to provide clarity and transparency to pupils and parents / carers about what to expect from remote education if local restrictions require entire cohorts (or bubbles) to remain at home.

This policy aims to:

- Minimise the disruption to pupils' education and the delivery of the curriculum.
- Ensure provision is in place so that all pupils have access to high quality learning resources.
- Protect pupils from the risks associated with using devices connected to the internet.
- Ensure staff, parents / carers, and pupil data remains secure and is not lost or misused.
- Ensure robust safeguarding measures continue to be in effect during the period of remote learning.
- Ensure all pupils have the provision they need to complete their work to the best of their ability, and to remain happy, healthy, and supported during periods of remote learning.

### **AIMS:**

This remote learning policy aims to:

- Ensure consistency in the approach to remote learning for pupils who are not in school as a result of Government Guidance in relation to COVID-19
- Set out expectations for all members of the school community with regards to remote learning
- Provide appropriate guidelines for safeguarding and data protection
- Take in to account that it is beneficial for children to maintain a regular and familiar routine but understand that each family is unique and should approach Remote Learning in a way which suits their individual needs

### **THE OFFER:**

#### **SCHOOL DAY:**

The Government has outlined the minimum expectation for remote learning as follows:

Key Stage 1: 3 hours a day on average across the cohort, with less for younger children

Key Stage 2: 4 hours a day

We teach the same curriculum remotely as we do in school wherever possible and appropriate. However, we have needed to make some adaptations in some subjects. (APPENDIX 3)

Teachers will provide a weekly timetable on Class Dojo with a summary of each lesson that will take place and links to relevant videos and resources. Children will be invited to a registration and teaching session each day at 9am and 1pm and to the daily class story read at 3:10pm on Microsoft Teams. These sessions are recorded and uploaded on to Class Dojo daily. Parents/ Carers and their children should view this together, and then make appropriate plans to complete the work. Should anything be unclear parents can contact the Classteacher via Class Dojo.

If your child's bubble or the whole school are closed each lesson on the timetable will be accompanied by an explanation, video and/or Teams Teaching session:

***9am Registration and overview of the mornings work and expectations***

***1pm Registration and overview of the afternoons work and expectations***

***3:15pm End of the day/ Class Story***

***Teachers will provide daily whole class and group Team Teaching sessions in response to daily assessment and evaluation. Parents MUST be available to supervise any 1:1 Teams Teaching sessions.***

***Your child's teacher or support staff will also listen to your child read. The timetable will be shared at the 9am Registration Session. Parents MUST be available to supervise these sessions.***

Pupils will carry out remote learning throughout the course of the day at their discretion.

Pupils with SEND or additional medical conditions who require more regular breaks, e.g. sensory breaks, are not expected to do schoolwork during their breaks.

Pupils who are unwell are not expected to complete remote learning until they are well enough to do so.

Every child will have their own portfolio set up on Class Dojo and all parents will be connected to their child's class teacher on Class Dojo. This will be used as a means of direct communication between the teacher, parent and child.

Worksheets will be uploaded to Class Dojo where they can be filled in through the app, uploaded on to the child's portfolio and then the teacher can mark and feedback.

Teachers will use the Class Story feature to communicate with the whole class.

The Headteacher will use the School Story feature to communicate with the whole school community.

There is an expectation that children/parents will submit work daily on to their child's portfolio before via Class Dojo and that teachers will respond daily to the work submitted.

The type of feedback a teacher provides will depend on the nature of the task and may include:

Marking

Providing whole class feedback

Sending direct comments to the child with specific feedback/ targets

The weekly plan will be subject to review in response to assessment.

Every effort will be made by staff to ensure work is set promptly but we cannot guarantee that the chosen platforms will work on all devices at all times. Should accessing work become an issue please contact your child's class teacher promptly via Class Dojo.

### **SUPPORTING CHILDREN WITH LIMITED INTERNET CONNECTIVITY/ NO SUITABLE DEVICE:**

For pupils who cannot access online learning school may be able to loan laptops, however availability is VERY limited. In the event where a pupil's only way to access home learning is via
